## ACTION TO SHAME THE DTE POWER COMPANY

The Detroit Thomas Edison (DTE) Power Company shut off electricity and heat to thousands of Detroit-ers' homes this year, leading to 14 unnecessary deaths – *mostly children* – so far this season.

Michigan Welfare Rights Organization has been protesting DTE every week. Pushback Network is standing with them at the U.S. Social Forum in Detroit to escalate their call to place people's lives before profit.

**Tuesday, June 22 • 2 p.m. • Cobo Hall**  
1 Washington Blvd. in Detroit
